

Spring 2011

NEW Tomato Large Fruit Truss

Tomato Large Fruit Truss is a quality, heavy fruiting variety with improved disease resistance.

Tomato Large Fruit Truss meets consumer demand for a quality large fruited truss tomato.

Each well-formed truss carries 5-6 good sized fruit up to 140grams in weight and full of satisfying tomato goodness and flavour.

Tomato Large Fruit Truss grows approximately 1.8m in height with fruit ready to harvest within 10-12 weeks of planting. For best results apply a 2m stake at time of planting and use a Potassium (K) rich fertilizer once flowers appear.

Available as advanced sized seedlings in 125mm pots, Tomato Large Fruit Truss is a high yielding commercial grade variety producing heavy trusses of fruit on plants that show improved vigour and performance.

NEW Tomato Large Fruit Truss is available in the Oasis Home Harvest 125mm range of outstanding fruit and vegetable seedlings.
